APPLICATION # PAL _____

I, _____, the owner or operator of _____, certify that I have limited the quantity of fuel consumed in the equipment listed under Section A of my Pre-approved Emission Limit Application as to not exceed the Pre-approved Emission Limit during any consecutive 12 months. I have recorded the amount of fuel consumed in the equipment for each month and have calculated the total fuel consumed in the equipment during the preceding months. Enclosed is a copy of the calculations required for the preceding months. I have kept the original receipts for fuel purchases and records of calculations for this period. I will retain these records for at least five years and will make them available for department inspection upon request.
